Electrical safety alerts and recalls

We conduct compliance checks on consumer products sold locally to ensure they adhere to safety requirements. Stay up to date with the latest news regarding unsafe consumer products identified in Singapore.

Latest safety alert

BenQ Singapore Recalls GV31 Portable Mini Projector Due to Possible Overheating and Fire Risk

Date: 02 June 2026

BenQ Singapore is recalling all GV31 Portable Mini Projectors. This recall is due to a battery overheating issue. This problem may cause a fire hazard.

Consumers who own a GV31 Portable Mini Projector, should stop using it immediately.

To learn more, please scan the QR code below or visit the BenQ website (opens in new tab). You can apply for:

· a free battery service and firmware update; or

· a free upgrade to a GV32 projector.

BenQ's GV31 Portable Mini Projector. Scan the QR code for BenQ's product recall page for this product.

If you have questions about this recall, please contact BenQ's customer support at benqsupport.sg@benq.com or via WhatsApp at +65 9724 2149.

Refer to the listing below for more product safety alerts and recalls.
