Show all updates

27 October 2026

The GB product safety guides have been updated to remove now unnecessary legislative references and simplify the language. There are no changes to the regulations themselves.

25 March 2025

Link added to GB guide to information on making use of recognition of EU requirements to place products on the GB market.

11 December 2024

Guides revised following legislation to extend recognition of CE marking on products being placed on the Great Britain market which came into effect on 1 October 2024.

7 November 2023

Minor changes to the NI guide to reflect the Government’s announcement on 1 August to extend recognition indefinitely of CE marking in certain product sectors for placing goods on the GB market.

4 May 2023

Guides updated with minor amendments and references to the Windsor Framework.

9 January 2023

Guide footnotes updated to reference the Product Safety and Metrology (Amendment and Transitional Provisions) Regulations 2022.

17 November 2022

GB guide updated to reflect the further extension of the transition period for UKCA marking.

26 July 2022

GB guide updated to take account of the Government’s announcement on 20 June of changes to make it simpler for businesses to apply the new UKCA marking.

10 May 2022

Guides amended to clarify what actions businesses must take if non-compliance with the regulations is found.

15 March 2022

GB and NI guides converted to HTML format for accessibility reasons.

16 November 2021

Guides updated to clarify product labelling requirements, reflect the extension of the transition period for UKCA marking, and refer to EU Market Surveillance Regulation 2019/1020, now in force in Northern Ireland.

6 January 2021

Updated to reflect amendments to the regulations at the end of the transition period.

23 September 2019

Link added to guidance on how these regulations will change after Brexit.

30 August 2017

First published.
